7C-05410- Zamboni 650

Cable et pulley

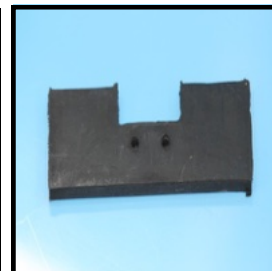

⇒ 33-40335 (cable & clamp)

⇒ 41-42000 (pulley & bushing)

Paddle with metal
insert for TMA-200

⇒ 00-00458

Hardware
00-00457

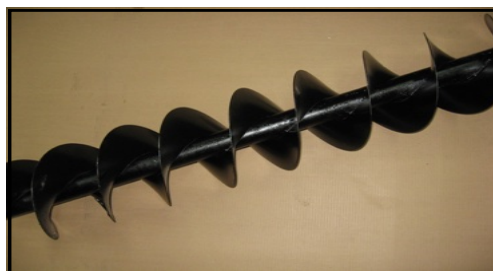

To purchase Zamboni parts, please dial 514-333-8420, our toll free number 1-877-333-8420 option 2 or please send us your Purchase Order form to the following email address; pieces@arenazone.com

Replacement part for conditioner

Kit of 10 stainless steel blade bolts, washers and nuts

⇒ **00-00174SK**

HORIZONTAL AUGER

⇒ **SPIRALEH**
(refurbished)

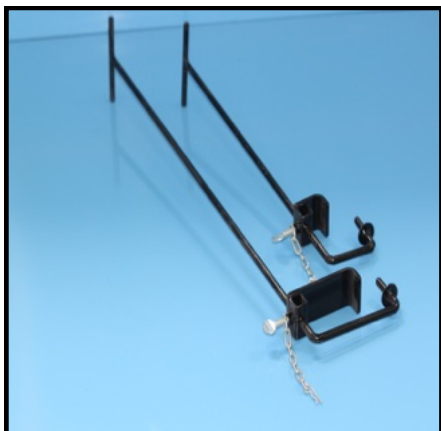

VERTICAL AUGER

⇒ **SPIRALEV**
(refurbished)

Blade angle adjustment gauge

⇒ **84-01100**

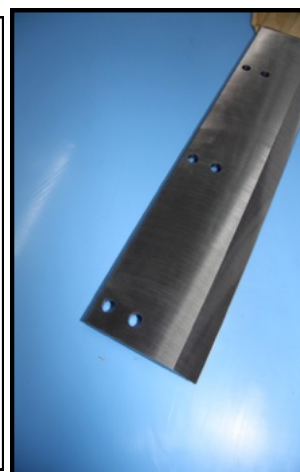

Hooks for conditioner.
For an easy installation of the blade.

⇒ **5K-1207C**

**ZAMBONI BLADE
CONDITIONNER
77" X 5"
ROCKWELL 61/63**

THESE BLADES ARE MADE OF
A SUPERIOR ALLOY
HARDNESS THAT EXTENDS
THE QUALITY OF CUT AND
REDUCES THE FREQUENCY
OF SHARPENING.

⇒ **5K-33630**

Knife guard

⇒ **5H-0501A**

Lateral conditioner runner protector

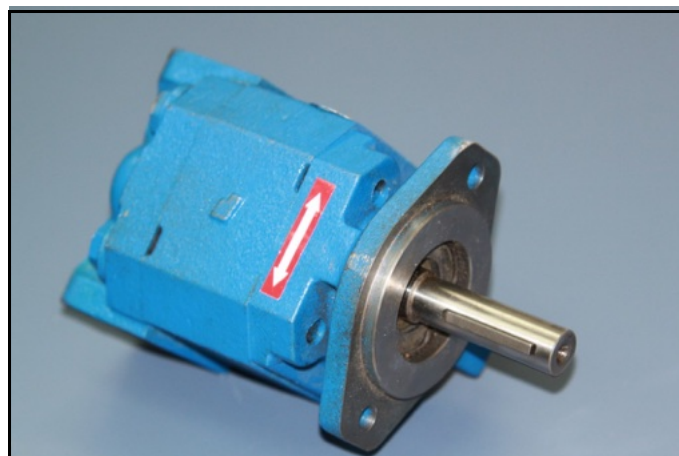

⇒ **5H-0501A**

To purchase Zamboni parts, please dial 514-333-8420, our toll free number 1-877-333-8420 option 2 or please send us your Purchase Order form to the following email address; pieces@arenazone.com

Replacement parts for hydraulic

Hydraulic cylinders that meet Zamboni's specifications

Gear Motor
⇒ **2M-74530**

Snow braker
⇒ **5C-69630**

Bearing for horizontal and vertical auger

Fit all models except 526-552-560-650

- ⇒ **1X-33490 (horizontal)**
- ⇒ **1X-36642 (vertical)**

For models 526-552-560-650

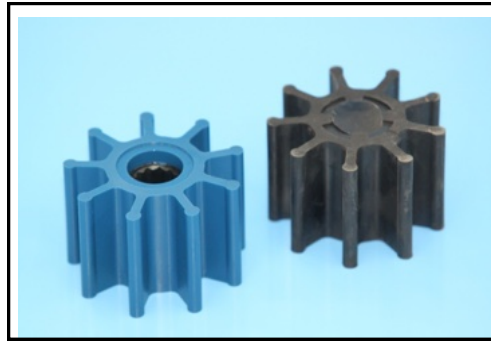

- ⇒ **1X-33490P (horizontal)**
- ⇒ **1X-36642P (vertical)**

To purchase Zamboni parts, please dial 514-333-8420, our toll free number 1-877-333-8420 option 2 or please send us your Purchase Order form to the following email address; pieces@arenazone.com

Replacement parts for water pump

Pump impeller

- Black, neoprene
⇒ 2P-33850
- For endurance and durability
- Blue impeller 2P-33852

- 00-09358 Pump cover
- 00-00819 Wear plate
- 00-00817 Outer bearing seal
- 00-09359 Shaft seal
- 00-09367 Brass comb
- 00-00816 Waterproof seal lid

For true performance,
ask for Genuine parts

ZAMBONI®

Wash water pump

⇒ 2P-37570

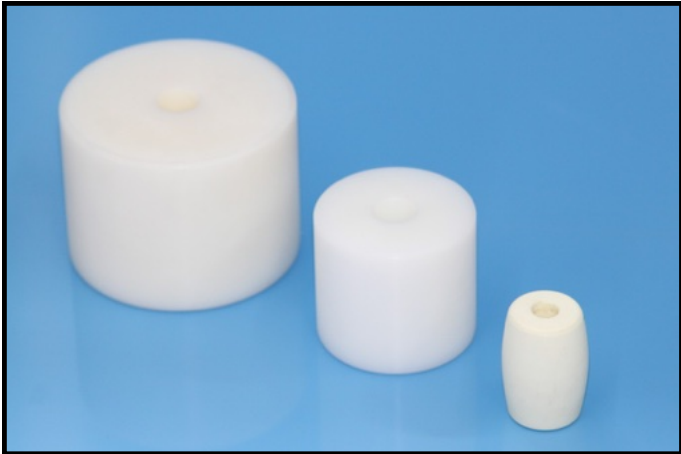

1-1/4" Water control valve

⇒ 2V-79700

To purchase Zamboni part, please dial 514-333-8420, our toll free number 1-877-333-8420 option 2 or please send us your Purchase Order from to the following email address: pieces@arenazone.com

CLASSIK^P 812

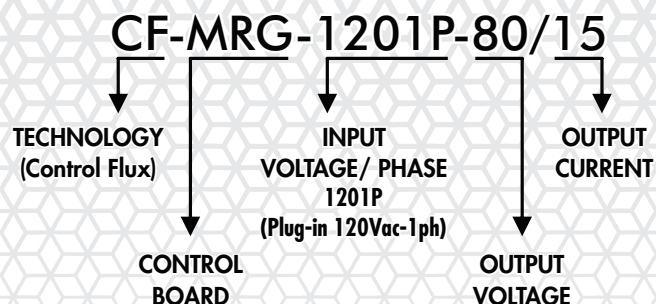

OPTIMAL *Seasonal* CHARGE

MAINTENANCE CHARGER FOR RESURFACERS

Perfect for maintaining optimal battery voltage during off season to prevent sulphation and prolong battery life.

MODEL IN DETAIL

CABINET DIMENSIONS

(L x W x H in inches)

8.86 x 9.53 x 8.58

WARRANTY

1 year full

FEATURES

- ▶ Automatic maintenance
- ▶ Low/high voltage detection
- ▶ Overvoltage protection
- ▶ Intelligent protection system
- ▶ Automatic data saving and restart
- ▶ CSA and UL certified

arenazone.com
info@arenazone.com

Opportunity Charger LOGIK MHF 68

CHARGER FEATURES

Exclusive charge profiles such as:

- 6/8h charge, smart pulse and ionic
- 240/480/600Vac, 3 phase model
- Statistics of the 300 last charge models
- Superior energy efficiency
- Real time clock and calendar
- Alphanumeric display
- Programmable features such as:
 - . Modulated equalize cycles
 - . Start/stop window
 - . Gassing point voltage

OPTIONS

- Free-standing or wall mounted
- Wireless communication (with battery module)
- Temperature compensation (with battery module)
- Automatic watering management
- Fleet management

OPPORTUNITY CHARGING AS IT'S BEST

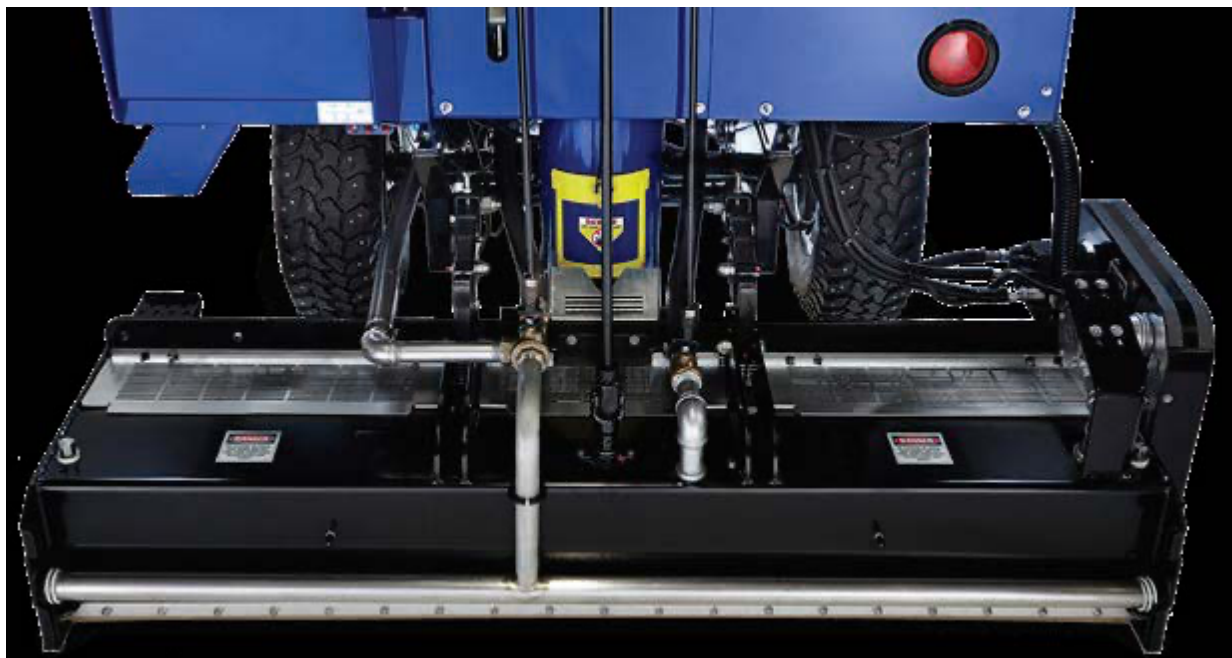

LOGIK 68 chargers offer maximum performance with exceptional energy efficiency, greatly diminishing its operating cost.

The main benefit is the possibility to use them in conventional and opportunity charge applications with the same electrical efficiency.

To purchase Zamboni parts, please dial 514-333-8420, our toll free number 1-877-333-8420 option 2 or please send us your Purchase Order form to the following email address; pieces@arenazone.com

-Level-Ice™

Skaters will love the hard, level ice surface

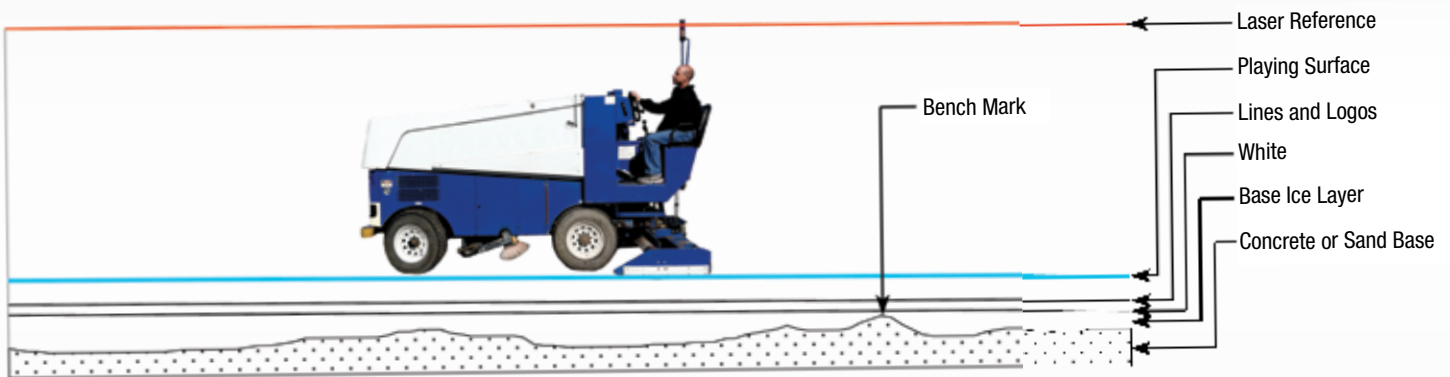

Simple to install. Simple to use.

Lets the operator focus on driving.

The Level-Ice Laser Leveling System will automatically control the cutting blade of the conditioner to achieve an accurate, level ice surface. The system can be installed on all ice resurfacing machines.

Level-Ice will:

- Provide consistent level ice
- Reduce resurfacing cut to save paint lines
- Reduce wear and tear on your ice resurfacer
- Reduce amount of snow
- Eliminate operator error
- Reduce operating costs
- Reduce energy usage
- Reduce amount of flood water use
- Reduce run time on your compressor
- Extend blade life by approximately 50%
- Reduce maintenance time
- Free up ice time for rental

Level-Ice literally takes all the guess work out of producing a perfectly level sheet of ice. The laser controlled ice leveling system provides accurate reference point to within .5 mm. Using the most advanced receiver technology, the system controls the cutting blade of the conditioner to give your ice a perfectly level surface after every flood.

Level Ice. Every time.
