This brochure has been prepared only as a general guide for the customer. Every effort has been made to assure that the information presented is correct. Some features described or shown may be optional at extra cost. Prices, colors, materials, specifications and models are subject to change. For current product information, please contact the Zamboni Company.

BATTERY AND CHARGER

Lithium-ion batteries charge quickly between resurfacings, eliminating overnight charging. Sealed zero maintenance batteries are truly emission-free. Charging is controlled by battery management system to optimize charging and balancing.

ELECTRONIC CONTROLS

Dependable Sevcon® Gen4 AC controls. On-dash diagnostics provide real-time management of machine functions and status updates.

DRIVETRAIN

Four-wheel drive. Rugged Dana Spicer® axles combine with a 24 hp AC traction motor, providing the most reliable drivetrain in the industry.

HYDRAULICS

The redesigned hydraulic system provides optimum power and reduced energy consumption for smooth and consistent operation. 11 hp AC pump motor.

CONSTRUCTION

A clean sheet design with strategic component placement for efficiency. Fiberglass body panels, premium paint and robust hand-welded steel tubing chassis.

GLOBAL SERVICE AND SUPPORT

Zamboni Customer Service and a network of Zamboni Authorized Distributors provide exceptional and accessible service and support worldwide.
